

Starting New Electric Service

Welcome to **Henry County REMC**

We're glad you're here! To start new electric service with Henry County REMC, you must live or operate a business within our service territory.

Step 1: Verify Service Availability

To confirm that your home or business is located within the HCREMC service area:

- View our online service territory map at:
<https://www.hcremc.com/member-services/start-new-service>
- Use the "Find Address or Place" search feature to enter your location
- Or contact us directly for assistance

 1-800-248-8413

 hcremc@hcremc.com

Once service availability is verified, you're ready to apply for membership.

Step 2: Complete the Membership Process

To establish service, please return the following to our office:

- A completed Membership Application (either Residential or Commercial/Industrial)
- A copy of a valid driver's license for all individuals listed on the application

Scan the QR code to access the appropriate application.

Important Information About Deposits

A credit history check is completed for each applicant through Online Utility Exchange.

Depending on the results, a security deposit may be required before service can be connected.

A one-time membership fee of \$25 will be collected from new members.

Henry County REMC is a **member-owned** cooperative. When you establish service, you're not just a customer – you're a **member-owner**.

We look forward to serving you.
