

## OPERATION ROUND UP

### SIGN UP

Those who receive their electric service from Henry County REMC can "round up" their monthly bill to the nearest dollar.

### ROUND UP

Donations from you and other cooperative consumers are collected and placed in a trust. Non-profit organizations right in your community can apply for grants through Operation Round Up.

### COMMUNITY IMPACT

Because of electric cooperative consumers' generous donations, organizations throughout Indiana are able to purchase much-needed items, make necessary improvements, and provide programs to benefit those in their communities.

## A FEW CENTS CAN MAKE A BIG

# IMPACT

Palmetto Electric Cooperative in South Carolina created the Operation Round Up program in 1989. Since then, more than 250 electric cooperatives have adopted it nationwide. Over the years, Operation Round Up has raised more than \$50 million for cooperative communities.
